Sir or Madam:

In response to the (final) Office Action mailed October 29, 2002, Applicants respectfully request that the following Amendments to the above-referenced patent application be entered on the record and considered by the Examiner. This Preliminary Amendment is filed in conjunction with an RCE and a 132 Declaration. A clean version of the entire set of pending claims pursuant to 37 C.F.R. §1.121 (c)(3) is attached as Appendix I.

R E M A R K S

Applicants appreciatively acknowledge the Examiner's withdrawal of the rejection of claims 42-51 under 112, second paragraph, as being indefinite. The only remaining ground of rejection is as follows:

1. Claims 42-71 stand rejected under 103(a) as allegedly obvious in light of Deng *et al.* (Canadian Patent Application 2,125,240 A1) and further in view of Yelton *et al.* (The Journal of Immunology 155:1994-2004 [1995]) and Hagiwara *et al.* (US Patent No. 5,589,573, issued Dec. 31, 1996).
